Somerset Careers Fair

Sparking the imagination of thousands

At the Careers Fair - Exploring my options

Aims

Build on the research done on Post 16/18 Options

To speak to all the organisations and people I have identified in my preparation

To gather information so I can make informed decisions and/or discuss my ideas with family or careers advisers etc.

Name:

Tutor

Group:

School

or

College

Date:

While at the Careers Fair you will have the opportunity to investigate

what the various exhibitors can offer you in the future, as you

gather information to help you make informed decisions about your

future.

Here are some questions to get you going.

To ask Colleges or Universities

What is covered in this course?

How is the course assessed?

What can I study alongside this course? Or subject?

How many hours of taught time will I have?

How many hours will I spend in the workplace?

Do I have to find the placement?

What if my GCSE grades fall short of the entry

requirements?

How can I still access this area of learning?

t

Should I consider the T Level rather than look for an

apprenticeship?

Can I progress onto Higher Education after this course?

What is the success rate of this course for students?

Some questions to ask of employers

What qualifications do I need to be -----?

You can ask employers this specifically

What sort of continued training might I get in

this type of work?

What skills and qualities do you look for in an

employee?

Does your company encourage people to get

higher education qualifications?

Do they sponsor you?

How many did they sponsor this year?

Notes:

Now

what?

What

actions

do I

need

to

take

next?

Somerset Careers Fair

Sparking the imagination of thousands

Before the Careers Fair - Inspiration

Aims

- To broaden your understanding of the range of roles and jobs available by exploring the variety of career opportunities
- To identify skills and qualities used in jobs and to recognise their importance in achieving success.
- Identify your own skills and qualities
- To recognise that skills are transferable.
- To reflect on link between others experiences whether personally known to you or not, and your own life.
